

FINNPARTNERSHIP

DEVELOPING
BUSINESS
TOGETHER

eLearning Africa 2025 Tanzania

- Several meetings with education authorities from Ghana
- Several Finnish companies met them
- Request from Ghanaian side – you have it all to fix our problems, why don't you put it all together?
- And we have started

Tällainen tarvittaisiin ja mahdollisesti pystyttäisiin tuottamaan

Identified challenges to be discussed

General challenges in education	Implementation of education / teaching	The overall picture	Resources	Data on education level
<ul style="list-style-type: none">• Regional and school-specific differences in the quality of education, teachers' professional skills and training.• Vocational education is underdeveloped and not valued.	<ul style="list-style-type: none">• Large population,• Large class sizes• Remote and rural areas• Gender equality issues• Multiple languages used• Lack of recognition of the importance of education.	<ul style="list-style-type: none">• The visibility of the overall picture of education development• The lack of an educational ecosystem• Challenges in knowledge-based management• Achieving the vision, not planning• Challenges in mutual coordination, sharing practices, seeing the common good.	<ul style="list-style-type: none">• Funding• Human capital• Training materials• Infrastructure deficiencies• Lack of automation / digitalization• Fragmentation of teaching and pedagogical solutions• Inefficient processes	<ul style="list-style-type: none">• Difficulty in obtaining data• Poor data quality• Measuring learning outcomes

FUNIDATA

IDENTIFIED NEEDS

- Inconsistency in learning and quality of teaching.
- Readiness especially in mathematics and literacy lacking.
- Shortcomings lead to limited opportunities and career prospects.

SCOPE

Improving critical skills: mathematics and literacy is lacking.

SPECULATIVE SOLUTION

“An all-in-one digital platform that improves the content, results and monitoring of learning, teaching and administration in primary and lower secondary education.”

ELEMENTS

Teacher training	Learning materials	Assesment, testing	Learning data, monitoring	Continuous improvement
HY+ Educraftor EduCluster	Eduten FGES	HY+ EduCluster	Funidata	HY+ EduCluster

How to put this together and how to demonstrate?

- Joint solution development requires time
- We cannot tackle the whole education at once.
- Next opportunity to talk will be in connection with eLearning again – IN GHANA
 - A separate seminar with Ghanaian audience in June 3 – 5
- What could be our pilot?
 - Level in education?
 - Area?
 - How to monitor?
